

Meeting Agenda

Location: 5205

Date: 10-05-11

Time: 10:00

Facilitator: Emil Djupfeld

Participants: Jonas Jacobsson & Christian Bergström

1. Objectives (5 min)

Get some feedback on our progress.

2. Reports (15 min)

The AI works a bit better, the renderer supports textures and transparency. Some fixes in the GUI.

3. Discussion items (35 min)

Emil informed us about a couple of bugs in our code and suggested we use FindBugs to root them out. He also brought up a cyclical dependency we had between the control and view packages. We demonstrated our new features.

4. Outcomes and assignments (5 min)

Fix the bugs reported bugs and the cyclical dependencies. Continue improving the AI and renderer.

5. Wrap up

Next supervisor meeting: 10-05-20 @ 08:30
