

Meeting Agenda

Location: 3507

Date: 10-04-16

Time: 13:00

Facilitator: Jonas Jacobsson & Christian Bergström

Participants: Jonas Jacobsson & Christian Bergström

1. Objectives (5 min)

Get acquainted with joGL. Discuss pros and cons with different design choices before we start implementing too much stuff.

2. Reports (15 min)

Nothing new to report.

3. Discussion items (35 min)

Should work be split up, to enable more individual work?

4. Outcomes and assignments (5 min)

We'll be working with joGL together, so that we both get how it works. The program is separate enough in it's basic structure to enable individual work. We'll continue to work together and on all parts.

5. Wrap up

Next meeting: 10-04-19 @ 13:00
